DETAILED ACTION

1. The amendment filed under 35 U.S.C. 116 on 28 April 2005 has been entered.
2. The term "complementary" in claim 59 is interpreted to mean the fully complementary polynucleotide strand.

Priority

3. Acknowledgment is made of applicant's claim for foreign priority based on applications filed in France on 28 November 1997 and 17 December 1997. It is noted, however, that applicant has not filed a certified copy of the foreign applications as required by 35 U.S.C. 119(b).

Allowability of the instant claims does not require perfection of the claimed foreign priority.

4. This application is in condition for allowance except for the following formal matters:

This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR §§ 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR §§ 1.821-1.825 for the following reasons:

Nucleotide sequences appear in the specification in figures 1 and 2 that are not properly identified. Nucleotide sequences must be identified by sequence identification number. Furthermore, if said sequences do not appear in the sequence listing, a new listing including said sequences must be supplied. It is often convenient to identify sequences in figures by amending the Brief Description of the Drawings section (see MPEP 2422.02). If said sequences consist of a portion of sequences already of record in the sequence listing, they may be identified in the

Art Unit: 1631

specification using the existing SEQ ID No. accompanied by the position of the sequence on the already listed sequence.

Applicants are required to comply with all the requirements of 37 CFR §§ 1.821-1.825.

Any response to this Office Action which fails to meet all of these requirements will be considered non-responsive.

5. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
